

SPECIAL TROUSER SALE

Wallerstein Says:

Final Reductions on Men's and Young Men's Trousers

THESE trousers, left from our 1909 stock, might be just as easily sold next fall at regular prices; but that isn't our way. We clean up at every season's end; we make prices that do it.

This is an opportunity for you to buy Trousers at about half of their actual value, and they make that old suit look like new. Among them are plenty of light and medium weights that can be worn for early spring. It will be to your interest to make an early selection.

ROUGH PLAYING MARKS CONTEST

LIVELY STRUGGLES IN THE BASKETBALL LEAGUE.

Chess, Checker and Whist and High School Meet in Championship Struggle.

D. A. D'S AND ELKS PLAY.

TEAMS	W.	L.	Pct.
C. C. & W.	6	0	100%
D. A. D.	5	1	80%
High school	3	2	60%
L. & P.	2	2	50%
Elks	2	3	40%
Indians	1	4	20%

Something between football and basketball was played last night when the teams completed half of the season's schedule. The Chess, Checker and Whist club's quintet maintained its perfect percentage by defeating the High school 20-7, while the D. A. D. team defeated the Elks 15-7. Both games were rough, and were played with all the rivalry that would mark a championship game.

The crowd was more interested in the C. C. and W.-High school game because the students had many backers that they would defeat the Chess team. At the end of the first half the score stood 6-5 in favor of the Chess five, and High school had high hopes of winning out in the second, but they were blasted. In the first half the Chess team was aggressive, and played hard, but the team work of High school was spectacular.

It was the second half that was rough. The players would struggle over the ball until it became neces-

sary to break them apart. The game was rougher than ever intended for basketball, but it has been played in this style in Paducah. High school was unable to throw a basket in the second half, while the Chess team ran the score from 6 to 20.

The first game was played in a rapid manner. Despite the fact that the fraternity lads had the big end of the score the Elks played a strenuous game and as usual in the closing minutes began piling up the score somewhat, but too late to become a factor. At the end of the first half the score stood 10-1 in favor of the D. A. D. quintet.

The teams lined up: C. C. and W.—R. Fisher, center; Puryear and Sights, forwards; Singleton and St. John, guards.

High school—King, center; Ogilvie, Craig and Browning, forwards; Endriss and Sills, guards.

D. A. D.—Shelton, center; Elliott and Harbour, forwards; W. Fisher and Terrell, guards.

Elks—Cox, center; Sutton and Goodman, forwards; Johnson and H. Henneberger, guards.

The officials were: Coleman, Sutton and W. Henneberger, referee; Reburn and Hughes, umpire; Robertson, scorer, and Kelley, timekeeper.

The gymnasium was packed last night, and it was necessary to turn away people as the floor was lined by people, and it was impossible for more people to get in. The rooting at times was terrific as the supporters pulled for their favorite team.

In the first game field goals were thrown by: Puryear, 4; Sights, 3; R. Fisher, 2; Browning, 2. Fouls—Puryear, 3; Sills, 3.

In the second field goals were thrown by: Shelton, 2; Elliott, 3; Harbour, 2; Cox, 1; Johnson, 1. Fouls—Shelton; Goodman, 3.

Shots.

Many people protested last night because of the roughness of the last game. The Elks-D. A. D. game was rough enough but resembled basketball more than the C. C. and W.

BRONCHIAL TUBES ALL STUFFED UP

"While a resident of Washington, D. C., I suffered continually and intensely with a bronchial trouble that was simply terrible to endure. I would have spells that I could hardly breathe, I would choke up, fill up in my throat and bronchial tubes, and the doctoring that I did and the remedies used were of no benefit to me whatever. I heard about Booth's Hyomei being so beneficial in catarrhal and bronchial affections and procured an outfit. I received relief from the first by its use. I continued with it and received a cure. It is about two years since I have suffered at all from any former trouble.—Mrs. R. L. Pannell, 404 N. Augusta Street, Staunton, Va., March 26, 1909."

Hyomei is guaranteed by Gilbert's drug store to cure catarrh, croup, bronchitis, coughs, colds and sore throat or money back.

A complete Hyomei (pronounced High-o-me) outfit costs \$1.00 at druggists everywhere. This includes a hard rubber pocket inhaler and bottle of Hyomei; extra bottles Hyomei cost 50c.

A CONVENIENCE WHILE AUTOMOBILING

THE Bell Telephone keeps the traveler in touch with all the resources of civilization.

The Bell Sign becomes an old and tried friend. He can order his dinner, explain his delay, summon relief in an emergency, or say the word forgotten in the hurry of starting. He can do this from almost any point on the road, because the Bell system has stretched out its lines to meet his unexpected needs.

The Bell Telephone not only furnishes neighborhood communication but gives Long Distance Service throughout the whole system.

The demand is not for "cheap" telephone service, but for comprehensive and reliable telephone service.

High school game.

The referee had a job last night. The game was played so fast that it was a job to watch the ball, and if he missed calling a foul the crowd told him of it.

The D. A. D. team is the only five that has worried the Chess team, as the fraternity lads played them a tie, but lost in playing it off. Another large crowd will be out when the D. A. D. five and the C. C. and W. meet.

Frank Davis, president of the league, said he proposed to give each player a copy of the rules, and force him to study it so that clean basketball would be played hereafter. Fortunately nobody was injured last night.

CHARGE TRESPASS.

Reviving Old Trouble of Years at Reelfoot Lake.

Union City, Tenn., Feb. 9.—There has just been filed a bill in the chancery court by the West Tennessee Land company and J. C. Burdick, of this city, against L. E. Watson, Charles Lee and a number of other defendants, charging the defendants with numerous acts of trespass and with having taken large amounts of fish and game from Reelfoot lake without the consent or permission of the complainants, and asking the court for an injunction and restraining order against the defendants. A fiat was granted by John S. Cooper, chancellor on the 31st day of January, and an order has been issued and will be at once served upon each of the defendants.

Miscellaneous.

Capt. E. A. Wait with his boat Cutaway brought two big log rafts out of the Tennessee river yesterday afternoon, delivering them to the Paducah Veneer and Lumber company. Owing to the high wind he was unable to go after a raft at Smithland.

The towboat Nellie, of Metropolis, was said to be almost sunk this morning side was under water. She was lying just below the wharfboat with her nose pointed upstream. Her crew topped her around and succeeded in making her safe later.

The towboat H. H., of Evansville, arrived here last night and tied up at Owen's landing on account of the wind. She had a raft of hickory timber for Leonard & Sons at Metropolis from the Saline river.

A pretty boat race between the John S. Hopkins and the Ohio was witnessed about 2:30 o'clock yesterday afternoon when they both pulled away from the N. C. & St. L. wharf at the foot of Norton street and made for the chute at the head of the Tennessee island. The boats went to the wharf to take freight and the Ohio backed out first. The Hopkins immediately sided along with the Ohio and they steamed neck and neck up the Tennessee, not hardly a foot apart. As they neared the chute the Hopkins came out a length of herself ahead and went forward, leaving the Ohio behind.

The J. B. Richardson arrived today from Clarksville and departed for Nashville. She was delayed by the high wind.

A heavy wind blowing over the river began about 2 o'clock this morning, according to John Street, night wharfmaster. It has been blowing furiously and spasmodically all day, causing steamboats much trouble.

The Clyde arrived at 6:30 o'clock from Joppla, Ill., and is receiving freight at the wharfboat. She leaves at 6 p. m. today for Waterloo, Ala.

Georgia Lee will be in port from Memphis tomorrow evening on her way to Cincinnati. The Peters Lee will arrive here from Cincinnati Saturday.

The towboat Charles Turner will replace the Bettie Owen. Two fuel flats owned by the ferryboat company will be pontooned together and equipped for handling the ferry trade. John Street, who looks after the business at the wharfboat at night,

has been called the "night terror" by Weary Whites. A few nights ago two men of this type called at the wharfboat office and looked as if they were preparing to spend the night. Mr. Street kicked about it and the next night a large delegation of hoboes swooped down upon him. With considerable nerve and calmness Mr. Street routed every one of them and they disappeared up the levee. There are no bunkers to let at the wharfboat at night.

The Duffy is due from the Tennessee river.

The towboat Little Clyde left yesterday afternoon for the Cumberland river and will bring out a tow of ties.

The towboat Egan came in yesterday afternoon from the mines at Caseyville with a tow of coal and departed immediately for New Orleans to deliver it.

The towboat Henrietta left yesterday for the Tennessee river after ties.

From Metropolis the Nellie arrived yesterday and departed for the Tennessee. She will bring out crossties.
